

SONSHINE EDUCATIONAL TOURS, INC.

February 23, 2011

Dear Teacher,

Over twenty five years ago Sonshine Educational Tours ran its first group to St. Augustine. Since that trip we have sent tens of thousands of students to St. Augustine to learn about the founding of America's oldest continually occupied city in North America.

A student field trip St. Augustine meets a number of Sonshine State Standards in Social Studies. These include:

Social Studies (SS.A.6.3.3) The student knows how the environment of Florida has been modified by the values, traditions, and actions of various groups who have inhabited the state.

Social Studies (SS.A.6.3.4) The student understands how the interactions of societies and cultures have influenced Florida's history.

Social Studies (SS.B.2.3.2) The student knows the human and physical characteristics of different places in the world and how these characteristics change over time.

Our friendly and knowledgeable staff and tour guides are very flexible to ensure that we meet your educational goals. You may call (1-800-247-2590) or email us (sales@sonshinetours.com) to customize your trip.

A field trip to St. Augustine with Sonshine Educational Tours will be a memory that will last a lifetime for your students.

Thanks very much.

Sincerely,

The Sonshine Family
